

МРИЄМО ТА ДІЄМО YOUTH OPINION SURVEY UKRAINE AND POLAND KEY FINDINGS

June-July 2023

Detailed methodology

The surveys were conducted on behalf of the International Research and Exchanges Board (IREX). Survey data was reviewed and analyzed by the International Republican Institute's [Center for Insights in Survey Research \(CISR\)](#).

Youth Opinion Survey (national poll)

The poll was conducted by Info Sapiens

Fieldwork period: June 30 to July 14, 2023;

Sample info, national samples for each age groups: n=1,417 youth aged 16-35, n=502 children aged 10-12, n=525 children aged 13-15.

Method: Computer-assisted telephone interviewing (CATI) using random digit dialing (RDD)

Due to the absence of reliable information on the population as for now, the latest available pre-invasion data from State Statistical Service as of January 1, 2022 were used to set oblast quotas and to weight the dataset by age, gender, region, and settlement size. Respondents were asked about their current place of residence and their place of residence before February 24, 2022.

Youth Opinion Survey (Ukrainians in Poland)

The poll was conducted by Rating Group

Fieldwork period: June 23 to July 1, 2023;

Sample info: Ukrainians who arrived in Poland since the beginning of Russia's full-scale invasion of Ukraine on February 24, 2022. The sample is comprised of n=300 respondents aged 16-35, n=100 respondents aged 13-15 and n=100 respondents aged 10-12.

Method: face to face interviews with those 16 and older, and through phone interviews with those 10-15 (following face-to-face consent by their parent/guardian).

Intercept sampling was conducted near centers for assistance of Ukrainian refugees in Warsaw, Krakow, Wroclaw and Bydgoszcz. While steps were taken to maximize randomization, such as intercepts being hold on different days and times, stationing interviewers at multiple centers per city, etc., the sample cannot be assumed to represent all Ukrainian refugees aged 10-35 currently in Poland.
